

Greg Morris joined GE Aviation in late 2012 with the acquisition of his two companies Morris Technologies and Rapid Quality Manufacturing. In his initial roles, Greg was one of the leaders of additive technologies within GE Aviation. With the formation of GE Additive in late 2016, he has moved into the Growth and Strategy Leader role for the integration team. Greg has been involved in the Additive Manufacturing industry since 1994 and has written numerous articles and has presented at a variety of trade shows throughout the world.
