Juha Ylä-Jääski obtained a MSc (Eng) from Helsinki University of Technology in 1979 and a PhD from Eidgenössische Technische Hochschule (ETH) Zürich in 1983, both in solid state physics.

Between 1984 and 1999 Dr Ylä-Jääski held various positions at VTT – Technical Research Center of Finland. Between 1995 and 1999 acted as a Research Professor of Information Systems.

Between 1999 and 2004. Dr Ylä-Jääski worked at Nokia Research Center as Head of Strategy Planning. He also was globally responsible for Nokia's university cooperation as well as Nokia's research cooperation in the EU Framework Programmes.

In 2004 Dr Ylä-Jääski joined the Federation of Finnish Technology Industries as a director with the responsibility for innovation and industrial policy. His duties also included a responsibility on SME issues as well as the Electronics and electrotechnical industry.

Since 2013 Dr Ylä-Jääski works as President and CEO of Technology Academy Finland.

From 1995 until 1998 Dr. Ylä-Jääski acted as a national delegate in the EU's Information Technology Programme Committee. Between 2007 and 2012 he was a member of the EU's FP7 Advisory Group on SMEs and between 2008 and 2012 a member of the EU's CIP Programme Strategic Advisory Board.

From 2011 until 2013 Dr Ylä-Jääski was a member of the Executive Board of DIGITALEUROPE, a European organization of the Digital Industry.

Since 1988 Dr. Ylä-Jääski acts as an adjunct part-time faculty member at Helsinki University of Technology (since 2010 Aalto University). From 1988 until 2008 he was also a lecturer on medical image analysis. He is the author of more than 50 scientific articles.
